Dear Alfred, -

this is just an introductory note concerning

Dr. Erwin Rosenthal

originally of Munich, then of New York, and now of Lugano. Dr. Rosenthal's daughter who is living in Israel has completed a set of cartoons which Dr. Rosenthal thinks very highly of and which he'd naturally loved to see published as a book. Though I told him, that as far as I knew, this was really not your cup of tea, he is most eager to meet you, - not merely in the hope that you might give him some advice but also because he has always been an ardent and faithful admirer of my father's, as well as an old family friend who'd be more than glad to get acquainted with T.M.'s old time favourite publisher (along with old Sami that's just what you were, as T.M. would keep telling people).

At any rate Dr. Rosenthal is due in New York next week or so, and it would be very nice if you'd let him see you. Incidentally, your visitor in spe is the author of THE CHANGING CONCEPT OF REALITY IN ART, just published by George Wittenborn, New York.

Best love

as ever yours
